## Karito Kids

KidsGive presents its newest addition, Piper Whelan, from Sydney, Australia, to be added to the Karito Kids World Collection. Piper is an 11-year-old avid surfer and lifeguard. Being outdoors so much, Pip begins to see the effects that humans have on our environment. Known as a "Greenie" by her friends and family, Pip takes it upon herself to educate others about how they can make a difference. One day when she is cleaning trash along the beach she realizes what she thought was a bag was no bag at all. Her book reveals the mystery of why the sea life is dying.
