KidsGive: KaritoKids.com

Piper Whelan from Sydney, Australia is the newest addition to the Karito Kids World Collection. Piper is an 11-year-old who lives with her mother, father and little sister in Bondi Beach. She is an avid surfer, lifeguard and environmentalist. The doll comes with a book that reveals the mystery of why the sea life is dying. Karito Kids also teach kids about charitable giving, as all products under the Karito Kids brand contribute 3 percent of the MSRP to Plan USA, a children's charity with whom the company has partnered.
