All Around The World

This issue is full of fun items from around the world as well as an easy approach to teaching your children a second language.

3 **Karito Kid dolls** embrace the ethnicity of our world by teaching about Earth's varying cultures. Each 21" poseable doll celebrates beauty through ethnic features and comes with a chapter book & scrapbook detailing the country of the doll's origin. Be sure to activate your doll on the site for a 3% charitable donation.
